GET EXCITED ABOUT FLORAL PAINTING

Develop essential fundamental skills for the depiction of realistic and beautiful blossoms. Create a reference to use again and again for your painting.

This beginners session uses templates and real flowers to teach drawing of petal placement for flat and conical flowers. This will enable you to draw many types of flowers from different perspectives.

From petal placement techniques you can then move into more complex flower layouts that are carried out in pencil and water proof markers.

BEGINNERS FLORAL PAINTING WORKSHOP

Dates: Saturday, Jan 24, & January 31

Time: 10 AM TO 12 NOON,

Price: \$120
